

PARTNERING BREAKTHROUGH SUCCESS

## Sonja Human

### Partner

Churchill provides advisory, consulting, implementation, and coaching services to SMEs, Corporates, and Private Equity firms across a diverse range of industries.

As a management advisory, we help customers grow and succeed in a rapidly changing world. Helping people and companies thrive by designing, optimising, re-engineering, and automating businesses and processes.

With 25 years of experience, a hands-on style, and the ability to work at all levels, Sonja has gained extensive knowledge and experience within the life insurance-, asset management- and asset administration industries. This solid operational background provides her with a broader insight of the underlying business operations and a detailed understanding of how they work.

With her experience across multiple roles and responsibilities, she can translate the business strategy into the detailed business architecture, develop the operating model, while mapping, designing, and optimising process improvements. Sonja is equally skilled at implementing large-scale projects, leading people through change, managing teams, enhancing efficiency in operations, or analyzing, testing and implementing new technology.

Sonja's can-do attitude, flexibility, hands-on experience, as well as the desire for results are what has driven her success.
